

MOTOROLA SSA

THE BENEFITS ARE CLEAR

BENEFITS FOR TODAY AND TOMORROW

Wireless technology is progressing at an unsurpassed pace. Stay ahead of the game by keeping your Motorola system current and state-of-the-art with regular software upgrades.

We're constantly working to make your investment in Motorola wireless technology an even better deal. You can count on future software upgrades to bring you ever greater functionality – and value. That's why Motorola offers you a Software Subscription Agreement. Your Motorola radio system can be periodically updated with new software upgrades at an affordable annual fee.

SSA... BENEFITS BY THE BUNDLE

Many corporations, utilities, institutions and government agencies – federal, state and local – have already signed up for SSAs. Why? Because of the clear cut benefits:

STAY ON TOP OF WIRELESS TECHNOLOGY

Keep your system current with constant improvements in leading edge Motorola technology. Software enhancements are released 4 times/year!

SOFTWARE ENHANCEMENTS FOR:

- | | |
|-------------------------------|----------------------|
| • Quantar base station | MTR2000 base station |
| • CENTRACOM Console equipment | Zone Controller |
| • Premysis Channel Bank | Zone Manager |
| • CEB | Subscribers |
| • 6809 Controller | FullVision |
| • Site Lens | MTC3600 Controller |

Migration Software included for migratable boxes.

LONGER LIFE FOR SYSTEM COMPONENTS

Extend the useful life of your wireless hardware with upgrades that incorporate new features, performance enhancements and defect repairs.

SMOOTH TRANSITIONING

Motorola upgrade design is a planned path to upgrading a system in the future. Stay in touch with quarterly communication through the SSA bulletin!

COST SAVINGS ON ADDITIONAL OPTIONS

An SSA provides the same upgrade options that Motorola two-way radio system customers can purchase individually – but at significant cost savings.

PREDICTABILITY FOR SOFTWARE BUDGETS

With an SSA you have a fixed annual budget item for keeping software current.

INCREASED PRODUCTIVITY

Get more from your mobile workers because they get more from their radios.

BETTER RELIABILITY

By solving potential problems before they occur we make sure your system is ready when you need it!
